## Interpret Through Telly Chart.

Name Date $\qquad$
Look at the table below, fill the missing places and answer the following questions.

Teacher asked the children to count number of cars in the parking area.
They made a telly chart of different colours of the cars.

| Colour of Car |  | Number of Cars |
| :--- | :--- | :---: |
| Black | HTtal |  |
| Red | HY |  |
| Silver | HY | 10 |
| Blue |  |  |
| Green |  |  |

Which colour cars are the most in the parking: $\square$

How many more red cars were there than the green cars?

Which colour cars were seen the most?

Which colour cars were seen the least?

How many total cars were in the parking?
