8. What number is 5678 less than 8757? _____

Write the digits 2 to 9 on Small Square of papers and arrange them on these lines as subtraction and answer the following questions.

2, 3, 4, 5, 6, 7, 8, 9.

_____ - _____

What is the biggest answer you can make? = _____

_____ - _____

What is the smallest answer you can make? = _____

_____ - _____

Give an answer as near as possible to 3000 = _____

Subtraction

Name: _____ Date: _____

Answer
key

Choose any method to answer these questions.

1. Find the difference between 194 and 435. 241
2. What is 253 subtract 164? 89
3. What is 963 take away 422? 541
4. Decrease 813 by 179 634
5. Subtract 456 from 1123 667
6. What is the difference between 3805 and 3996? 191
7. What is the 1678 minus 1045? 633
8. What number is 5678 less than 8757? 3079

Write the digits 2 to 9 on Small Square of papers and arrange them on these lines as subtraction and answer the following questions.

2, 3, 4, 5, 6, 7, 8, 9.

9 8 7 - 2 3 4

What is the biggest answer you can make? = 753

6 2 3 - 5 9 8

What is the smallest answer you can make? = 25

7 9 5 - 4 8 6

Give an answer as near as possible to 300 = 309
